Donate a Disaster Survival FamKit™ for a family of Six.

According to the United Nations High Commission for Refugees (UNHCR), 2007 Annual Report, there were some 6 million people worldwide living in refugee camps, mostly the victims of natural disasters, armed conflict, famine and disease.

These figures are expected to increase significantly in the coming years. Natural disasters, poverty, famine, disease and economic pressures will all contribute to higher numbers of people in need of urgent help.

Please help make a difference by donating a DMS FamKit™ and you will know that you have helped a destitute family in distress and provide them with comfort, warmth and safety.

The DMS FamKit™ is a proprietary all inclusive temporary shelter and survival kit that contains all of the essentials for a family of six persons to survive for a period of up to forty five (45) days following a major disaster.
